

Year 5 Autumn News

As part of our RE unit on Christianity we visited the Roman Catholic Church in Darlaston. When in the church, we heard from Father Craig about how he became a priest. He shared lots of stories with us about Christianity and how we can apply these to our own lives even if we are not Christian.

We attended a Christianity exhibition that was held at Grace Academy where we moved between these large tents learning about the life of Jesus. It was interactive and we used iPads to follow the exhibition which made it more interesting.

We've enjoyed visiting Darlaston library twice this term. When we go to the library with school, the librarians help us find the books we want. Best of all, they start the session reading a story to us. Some of the librarians even try and do the voices to make it more exciting for us.
